

INVITATION TO ATTEND A PUBLIC PARTICIPATION WORKSHOP

Dear Stakeholder

The Department of Environmental Affairs and Development Planning ("Department") cordially invites you to participate in a public participation workshop to discuss the development of the Status Quo Report of the 2nd generation Western Cape Integrated Waste Management Plan (WC IWMP). Stakeholder inputs received during the public participation workshops will inform the development of the Status Quo report.

The Status Quo Report will address the following key waste management areas.

- Geographical area;
- Demographics;
- Economic status;
- Transport infrastructure;
- Development profiles;
- Waste generation;
- Waste characterisation;
- Problematic waste streams;
- Waste minimisation;
- Waste management facilities;
- Regionalisation of waste management;
- Waste collection services;
- Illegal dumping;
- Organisation of financing of waste management;
- Organisation and institutional matters.
