

WASTE NOT, WANT NOT

Realising local business opportunities through value-add to fruit & vegetable residues & wastes

Date: 16 March 2017

Time: 9h00 – 16h00

Venue: Landtschap, Stellenbosch

Cost: Free*

*Places are limited. Preference will be given to attendees from industry, industry associations & other fruit & vegetable value chain members

Goal

- To explore the potential for value-add to organic residues & wastes in fruit & vegetable value chains in the Western Cape
- To match businesses to local & overseas companies and experts to realise value-add cost savings & income

Target audience

- **Companies & industry associations:** fruit & vegetable growers, packhouses, canners, juicers, other processors, distributors, exporters & retailers
- **Government departments:** agriculture, regional & local economic development, environment, science & technology
- **University researchers:** agriculture, agri-processing, food science, green chemistry, bioeconomy, process engineering, organic waste management & value add

Organisers

- The GreenCape Sector Development Agency
- Green Chemistry Department of Chemistry, University of Cape Town
- Green Chemistry Centre, University of York
