

GreenCape Job Opportunity

Senior Analyst: Energy

About GreenCape

GreenCape is a non-profit organisation that supports the development of the green economy – one that is low carbon, resource-efficient and socially inclusive. We assist green technology businesses and investors focusing on green technologies and services to remove barriers to investment and growth.

Our Ambition

GreenCape's five-year strategy aims to be globally relevant in driving the uptake of green economy infrastructure solutions in the developing world context. As such, GreenCape is expecting to double in size in the next five years. For more details on GreenCape, visit www.greencape.co.za

The Energy Programme

GreenCape would like to appoint a Senior Energy Analyst.

The South African energy sector is a fast paced and exciting sector. GreenCape's energy program is a nationally relevant program. We are internationally recognised, we work across all three tiers of government, engage multi-national and local private sector players and drive impact in the South African economy. **You can be part of the energy future you want to see for South Africa, grow your influence, network and get international exposure.**

The Senior Analyst will be exposed to a wide range of projects in the energy field, including renewable energy, energy efficiency, electric vehicles and smart grids. This role aims to provide technical and economic skills to the energy team. The candidate must have a passion for the South African renewable energy market and be interested in travelling around the world.
